SPORTS STARS WILL PLAY TO SUPPORT NEW CHARITY

TOWN ICONS GIVE BACKING TO LEON BARWELL FOUNDATION

Legendary Saints, Cobblers and Steelbacks players will take to the Sixfields pitch for a charity football match in aid of the newly-launched Leon Barwell Foundation.

The charity, set-up in honour of former Saints chairman, Leon Barwell (inset), who died in June, 2013, aged 46, following a battle with cancer, will support families affected by the illness by providing financial support in order to help create lasting memories.

Taking place on Sunday, April 12 next year, the match will see a host of Northamptonshire sporting icons return to the county, alongside a number of special guests.

The first players to be announced for the event are former Saints and England duo Martin Bayfield and Matt

Dawson, former Cobblers managers Colin Calderwood and Ian Sampson, and former Northants and England cricketer, Devon Malcolm.

Mr Dawson, who appeared 246 times for Saints over a 13-year spell at Franklin's Gardens, said: "Having got to know Leon and the Barwell family well during my time with the Saints, it fills me with pride to be able to help raise money for what is a tremendous cause."

"The match will be a truly unique occasion and one I can't wait to be part of, and hopefully the whole of Northamptonshire will get behind it and fill the stands at

Sixfields Stadium."

Mr Sampson said: "Having spent a large part of my professional football career in the county, I am delighted to participate in this event to raise awareness and funding to support families in Northamptonshire affected by cancer."

"I am sure not just fans of the county's teams but the public in general will come to support this event."

Tickets for the match can be purchased in person from the Cobblers ticket office and online at www.ntfc.co.uk, while other outlets will be announced in due course.

Advanced tickets are priced at £10 for adults, £4 for concessions, with carers and children aged seven and under admitted free of charge.

STAR TURNS Matt Dawson (left) and Ian Sampson will be playing football for the Leon Barwell Foundation

Greyfriars bus depot has stood in the town since 1974. It has now been decided that before March the imposing building will be brought down in a single "controlled initiated collapse", lasting little more than 10 seconds. Above, the passenger concourse now and, below, as it was previously

Demolition of 'mouth of hell' is 'worth cost'

A 'controlled, initiated collapse' will see the building once dubbed the 'mouth of hell' reduced to rubble in about 10 seconds.

After months of painstaking work to strip the interior of the asbestos-laden Greyfriars bus station, the outer frame of the town centre building is now set to come down in one go.

The company in charge of the demolition, DSM Ltd, said that bringing the 1974 building down 'brick-by-brick' as originally intended, would be too costly and time consuming.

Instead, a 'controlled initiated collapse' will take place on a day before the end of March, the firm has revealed.

Making the announcement, the leader of the borough council, Councillor David Mackintosh (Con, Rectory Farm) said: "I am very pleased that this method of demolition—a controlled initiated collapse—means that Greyfriars can be brought down very quickly and that the [surrounding] area can be cleaned up and re-opened all on the same day, so that life can

get back to normal in the town as quickly as possible."

Letters are due to go out to businesses and nearby residents informing them of the plans. The actual site clean-up afterwards was likely to take "several weeks", he added.

Contracts manager for DSM, Billy Young, who is leading the demolition project, said the chosen method was

the most cost-effective way of bringing the reinforced concrete structure down.

DSM took over the contract in August and Mr Young added that the site was now clear of asbestos. The overall cost of the scheme has now increased from the projected £4m to £5m.

Councillor Mackintosh said the cost was justified as the former bus station was "an

obsolete, unsafe building" that was blocking the regeneration of a key site in Northampton.

"The costs have increased as the time of the demolition has lengthened and the asbestos was found," he said. "What we are clear about is that the benefits for the town will be the release of that site. The extra money is justified in order to do this."

Expert says controlled explosion is best option

Contracts manager for DSM, Billy Young, said the firm explored taking the building down 'brick-by-brick' and also considered the use of 'ultra high reach' machinery to dismantle it in stages from the

outside.

But he said two 'lateral beams' discovered during the interior demolition of the site changed its approach to the job.

The supporting beams

could well have collapsed the rest of the building if removed, meaning a 'controlled collapse' was the only viable option.

The contracts manager, who has more than 30 years'

experience, said Greyfriars would be by no means his toughest task.

He said: "I've brought down solid steel buildings, so a bit of re-enforced concrete isn't going to worry me."

What does treatment involve?

Using skilled manipulation and quick, comfortable adjustment techniques, with just the right amount of pressure, Chiropractors gently unlock the stiff joints to restore proper function and mobility. This in turn settles the pain. The vulnerable area is then stabilised with further treatments. When the pain and discomfort are reduced, the next step is to help you get active again. Rehabilitation and exercises are essential to speed up the body's natural healing process and strengthen muscles to prevent recurrence of the problem.

Car park to be built on

Councillor Tim Hadland revealed that when the station is demolished, it will be replaced by a multi-storey car park

Work is set to start on a 1,300-space multi-storey car park, which could begin to serve the new Northampton railway station by late 2015.

Although a firm date for the opening of the £20m Castle Station in Black Lion Hill is still pending, Northampton

Borough Council has revealed plans build the new multi-storey on the site of the current station.

The project, which the council says it will contribute more than £1m to, will provide 350 extra spaces to users of the new facility.

Cabinet member for re-

generation, enterprise and planning at the borough, Councillor Tim Hadland, said: "The new station is vital for first impressions of our town and what an improvement it is.

"There is so much potential on the rest of this site and we are now gearing up to unlock

the site of old station

commence as soon as the 'bright and airy' new facility is opened.

Last month a spokesperson for Network Rail said 'unforeseen contractual issues' had delayed the opening until November.

The new car park will feature a lift and a bridge, offering passengers direct access to the ticket floor of the station.

Building work is expected to take between nine and 12 months and once complete, the current car park will be removed, ready for the start of 'phase three' of the project, which will see the construction of commercial and light industrial properties in Black Lion Hill.

It is not yet known whether the borough council will run the new car park, but leader of the authority, Councillor David Mackintosh (*Con Rectory Farm*) confirmed that it would be paying for the construction.

He said: "What we want is to make sure we have a new car park that services the station to the right standard. We want to make Northampton's railway station fit for the future."

that, while creating excellent new parking facilities to complement our new station.

"Our discussions with Network Rail are well advanced and we should be in a position to start construction early next year."

Grant money scheme gets extension

An extra £40,000 has been handed out by the borough council's Business Incentive Scheme, the leader of the authority was expected to announce today.

Unveiling the next stage of the Alive regeneration programme in Northampton, Councillor David Mackintosh was likely to reveal the scheme had now provided £290,000 of private investment to new and start-up firms in the town in the form of grants. The authority had initially pledged £250,000, but the council leader said it had been increased due to its success.

Speaking yesterday he said: "This money has helped to create 122 jobs in the form of 39 separate grants. It has also helped to fill 21 units, 15 of those are retail units in the town centre."

The council leader said borough council car parks had seen a 40 per cent usage increase since free evening and weekend parking was introduced in April. The total amount of people parking in town centre car parks such as Mayoralhold, St Johns and Mounts since April was 8,113,209.

Cloudy2Clear Windows – Service With A Smile!

It's been a crazy few months for Cloudy2Clear Windows. The company which specialises in repairing windows which are steamed up, broken or damaged by replacing the panes – not the frames has grown rapidly as homeowners take advantage of their services.

Managing Director Trevor Skidmore feels that it's all about service. 'Our product is simple. If your double glazing is misted up we can replace the glass at a fraction of the cost of a new window, in any type of frame, and with a new 10 year guarantee. But it's not just about saving people money, although

that obviously helps. Many tradespeople have struggled since last year and I honestly feel that during the good times a minority perhaps didn't focus on customer care as much as they should have done. We make sure we turn up when we say we will, do the job the customer requires and leave their house as clean as a whistle. I often get comments back from customers on how they really didn't expect that sort of service which, in a way, is very sad for the service industry as a whole.'

Cloudy2Clear service the Northampton, Kettering, Wellingborough & Corby areas and Trevor is finding that his

approach is a major factor in his success. 'The truth is that it's not just the personal satisfaction that I get from doing a good job but also it makes good business sense. I get a huge amount of business from friends and family of people I've done work for,

which just goes to show how much a little bit of effort is appreciated.'

So, if your windows are steamed up, broken or damaged give Trevor a call for a free quotation on 0800 61 21 118 and he'll be happy to help!

CHEF & BREWER - THE BRITANNIA

CHEF & BREWER

CHARMING NEW LOOK AT THE BRITANNIA

River-side Northampton pub, the Britannia, situated on the Old Bedford Road, is inviting local residents to enjoy its new look following an £80,000 refurbishment.

The revamped Chef & Brewer pub restaurant, which overlooks the River Nene, is perfectly located for Northampton residents to relax and watch the boats pass by or for those on the river to moor up and take full advantage of the pub's hospitality.

The Britannia general manager, Rachael Martin, said: "We are really impressed by the improvements that have been made as a result of this latest renovation. We look forward to sharing our fresh new look with returning and new guests alike over the coming weeks and months, providing them with a meal to remember in an enviable setting."

As well as improvements to the pub's interiors, the menu at The Britannia has also been revamped. The new menu is filled with the timeless pub dishes you know and love, coupled with hearty portion sizes and big, bold flavours.

Typical starters include farmhouse pork and chicken liver pâté infused with cider and mustard, served with toasted bloomer bread and ale chutney (£4.99); seared scallops served over sticky barbecue and ale pulled pork, with roasted red peppers and rocket finished with a balsamic glaze (£6.49); and sautéed button mushrooms on a

garlic toasted muffin with a Stilton and peppercorn sauce, complete with crumbled Stilton (£4.59). The main event features dishes such as two lightly grilled sea bass fillets served with pan-fried scallops over a creamy prawn, pea and chive risotto (£14.49); pan-fried duck in a black cherry and red wine sauce, served with Dauphinoise potato and Savoy cabbage and bacon (£13.99); and a prime Wagyu beef burger topped with crispy prosciutto, with sweet potato fries, onion rings, ale chutney and truffle mayonnaise (£13.49).

There is also the set lunch menu available from £4.99, 12pm - 4pm Monday to Saturday, featuring mains such as hand-battered fish and chips, and a chicken breast burger topped with grilled bacon and cheddar cheese, served with a side of chips. Plus, the two-course evening set menu for £12, or £14 for three courses, from 4pm Monday to Thursday, including the ever-popular Brewer's Chicken and the new beetroot and butternut squash salad.

The drinks menu is equally enticing, with an exciting range of drinks to suit every taste and budget, from award-winning wines to cask and craft ales, bottled lagers, ciders and soft drinks.

Open Monday to Friday 11am to 11pm, Saturday midday to 11pm and Sunday from midday to 10.30pm; a warm and welcoming atmosphere awaits you at the new-look Britannia.

ROAD TEST – RENAULT TWINGO DYNAMIQUE SCE 70 STOP & START

New style is chic and charming

It looks good in a cheeky, properly modern way and its little engine lives under the boot floor, to intrigue the techies among us; both features giving the new Twingo a promising start in life.

It's got a lot to live up to. Version one arrived in 1992 and was an instant hit, with just the right amount of French chic to sit it at the top of many twenty-somethings' automotive wish-lists across mainland Europe.

The success of their baby may even have surprised its parent, for no right-hand drive was ever offered.

It didn't stop some Brits buying, and loving, the left-handed model, whose comparative narrowness helped a helmsman sitting on the wrong side of the car.

Twingo II arrived in 2007, was available with UK-sided steering and sold tolerably well, despite losing its charm and looking like any number of other small family hatchbacks.

Now comes Twingo III and

Renault has found its small car mojo again, with added practicality thanks to a bold decision to switch ends for the engine.

That move pays off in several ways, from allowing a stretched passenger cabin, despite being shorter overall, to letting the front wheels turn much more sharply, for a turning circle that will make drivers chuckle the first time they make a U-turn.

Packing the engine away at the back doesn't badly compromise boot space, which can anyway be boosted by folding

down the rear seats. The front passenger seat backrest flops forward too.

Every new Twingo has four doors. Renault says the popularity of two-door city cars is falling and has styled its new baby with hidden releases at the rear, for the more coupe look of a two-door but with added practicality.

Prices of the new Twingo range from £9,495 to £11,695, with all but the dearest using the same 1.0 litre engine and clearly aimed at a life in the city.

Probation Officers

£29,038 - £36,084

Helping people change their lives takes real skills and expertise and we are seeking qualified Probation Officers to complement our team. As a Probation Officer with BeNCH CRC, you will carry out interesting and developmental work with offenders and in return have a rewarding career and great benefits.

BeNCH CRC provides high quality probation services and interventions to our service users who are adult offenders and are either serving a Community Sentence or have been released from custody and are subject to a Prison Licence. We work with complex and high-need individuals, managing both risk of reoffending and risk of harm.

Posts are available throughout **Bedfordshire, Northamptonshire, Cambridgeshire and Hertfordshire** and we welcome applications for both full-time and part-time posts.

For details of this and other vacancies, please visit www.benchrc.org.uk or scan the QR code.

Closing date: 16th November 2014.

The Bedfordshire, Northamptonshire, Cambridgeshire and Hertfordshire Community Rehabilitation Company Limited; registered as a Company in England and Wales no. 8802546 Registered office: Argyle House, Argyle Way, Stevenage, Herts, SG1 2AD.

Take notice of public notices

It could affect YOU!

You should always take note of a public notice. It is a legal notice to inform the public of a change that could affect them short term or on a permanent basis. It could be anything from a change to a building to the erection of a building. It could be a notice of insolvency of a company you have dealings with or the closure of a footpath you regularly use.

Youth Project Worker

Location: Milton Keynes / Salary: £18,450 - £19,350 p.a.

We are currently seeking three highly motivated individuals to join our Young Persons Accommodation Pathway in Milton Keynes as Youth Project workers. The service is located across five sites providing accommodation, support and move-on for young people aged 16 to 21, who are homeless or at risk of homelessness. Our young clients also have a variety of support needs including substance use, offending and mental illness.

We are looking for individuals who believe in our clients' ability to change and achieve their goals, while also being able to manage and understand some challenging behaviour. The service aims to address clients' needs by increasing independence, and supporting clients to engage in positive activity, training and employment.

To succeed, you will have relevant training, study or qualifications in the area of youth work or other areas relevant to working with vulnerable young people and/or adults. You will also have a detailed understanding of the support needs of vulnerable people, including the ability to assess and plan recovery focussed support with clients. Demonstrable experience of coaching, motivating and empowering people to achieve their goals is also essential.

Flexibility is required as you will be working a shift rota that includes early, late shifts and sleepovers.

Burrell unlikely to face All Blacks

RUGBY

ENGLAND boss Stuart Lancaster admits Luther Burrell is unlikely to be fit in time to face New Zealand on November 8 – but says the Saints centre will not need surgery on his hand injury.

Burrell picked up the problem early in the second half of his club's 34-6 victory against Ospreys in the Champions Cup.

He required an X-ray and is being sent to see a specialist to assess the full extent of the damage.

And Lancaster is unlikely to risk the 26-year-old against

the All Blacks, with Tests against Australia, Samoa and South Africa following on consecutive weekends.

"I think it would be tight for New Zealand," Lancaster said.

"He's not been in camp this week at all. He's seeing the specialist and it will probably unfold over the weekend.

"He's still in the equation further down the line. He's definitely not out the series. We'll see how he goes.

"If the specialist is positive, then potentially he could come back into camp next week. It would be a big step to put him in (against New Zealand)."

Langmead made available for loan

FOOTBALL

Cobblers defender Kelvin Langmead has been made available for loan in a bid to bolster the player's fitness.

The club hopes to give Langmead a run of games to get him match fit for their first team, in the same way they did with striker Alex Nicholls, who went on loan to Exeter City.

Langmead has only made one appearance for Northampton this season, a 15-minute substitute cameo against Burton Albion, after missing 10 weeks with an Achilles problem.

The former captain - who was voted player of the year in 2013 - missed most of last season through knee surgery and the plan will be to get him some first-team action elsewhere.

"Kelvin needs to go out and play some football," said manager Chris Wilder. "He wants to do that and he knows he needs to get a batch of games.

"He had that game (in a practice match) against Leicester a couple of weeks ago but we can't set up any matches because we haven't got the bodies for them.

LOAN RANGER Kelvin Langmead

"We've already had a couple of bits of interest and it's something we'll look to get sorted out.

"It's not a financial thing where we need someone to contribute to his money, we're just looking to get him some football."

Meanwhile, Wilder admits he ignored suggestions he should 'go easy' on his Cobblers team after their fourth straight loss as too many of them are contributing 'C grade' performances.

Wilder confirmed that his assistant Alan Knill advised him to 'be careful' with the team after they were beaten 1-0 at Luton Town on Saturday, a result that sees them slip to 18th in Sky Bet League Two.

But the manager was not interested in such an approach and instead gave his players a damning appraisal of their recent efforts.

"I spoke to Al (Alan Knill) before we went in after the game and he said we couldn't criticise the players too much because we need them and they're the only players we've got," he said.

"He felt we should be careful with them and not have ago at them but I've took no notice of him if I'm honest because it's a man's game.

"They've got to accept that it isn't good enough. I went around the players and thought about As, Bs and Cs from the past four or five games and there are a couple of Bs but most of them are Cs.

"There are hardly any As and there are lads that can produce A* performances, but these are the times when you get judged and some of them have to step up and be good at their job."
